Alton Properties Announces Henry Schein, Inc. as New Tenant

Henry Schein, Inc. relocates to Union County

INDIAN TRAIL, NC — July 15, 2010 — Alton Properties, LLC today announced that Henry Schein, Inc., (Nasdaq: HSIC), the largest provider of health care products and services to office-based practitioners, has relocated its North Carolina and South Carolina operations, leasing approximately 10,677 square feet in a newly constructed office-warehouse building owned by Alton at 4330 Matthews-Indian Trail Road. This new space includes a state of the art showroom and operations center to serve Henry Schein’s customers and support staff.

“We are extremely excited to move our North and South Carolina Regional office to Indian Trail, North Carolina. The new space will complement our image and provide our customers with a positive experience. The state-of-the-art ‘Super Center’ will feature the latest advances and technologies in Dentistry,” said Russ Baker, Carolina South Regional Manager for Henry Schein, Inc. “In today’s commercial real estate market, there were several attractive options with respect to location, space, etc., and nothing compared to the quality and amenities of this location. The sustained growth in Union County coupled with the plans for additional infrastructure including the proposed Hwy. 74 By-Pass and Chestnut Road extension makes this an ideal location for our current and future business.”

New facility will house showroom, operations and technical support

Henry Schein, Inc.’s new showroom will afford clients the opportunity to try out the newest and most advanced equipment available. Expanded operations and technical support areas will allow Henry Schein, Inc. to maintain its high level of attention to customer service.

Alton Properties sees Henry Schein, Inc. as an excellent fit for the building

4330 Matthews-Indian Trail Road sets a new standard for office-warehouse development in Union County. Abundant windows provide natural light into the 24 foot clear height structure built using tilt up concrete panels. Alton Properties installed many upgrades in heating and air-conditioning systems, insulation, lighting and interior finishes. The nine acre site has been extensively landscaped and is prepped for more development in addition to this 40,000 square foot building that also houses Preventive Technologies, a sister company of Alton Properties. “In planning this building, we expected that it would be attractive to companies who recognize the benefits of the efficiencies we built into the building and who desire a setting and image level that reflects positively on their company. Henry Schein, Inc. is exactly the type of company we had in mind,” said Al King, Manager of Alton Properties, LLC and Preventive Technologies.

Jim Gambrell of Oakway Properties has provided brokerage and development consulting services to Alton Properties in acquiring the building site, planning and constructing the building and representing the owner in negotiating this lease. Mark Daughtry of USI Real Estate Services represented the tenant.

About Alton Properties
